

CVR MLS Data Feed Instructions for Brokers, Agents, and Technology Providers

The following data feeds are available:

- **Central Virginia Regional MLS** (Henrico, VA): CVR MLS data only
- **Virginia MLS CoOp** (Henrico, VA): CVR MLS and CBRAR (Chesapeake Bay and Rivers) data

Data Feed Types:

- **IDX:** Active listings and corresponding agent/office data
- **IDX PLUS:** Active, Pending, and Sold listings and corresponding agent/office data
- **VOW:** All listings and corresponding agent/office data, but the feed can only be used for a Virtual Office Website

All Data Feed licensing is handled through Trestle: trestle.corelogic.com

Brokers

- If the Technology Provider of your choice is already in Trestle, please have them initiate a Data License Agreement (DLA) with you in Trestle: trestle.corelogic.com
- If the Technology Provider of your choice has not yet registered in Trestle, please have them email us at idx@cvrmls.com so that we can walk them through becoming an approved CVR MLS Technology Provider.
- Once the Technology Provider is approved, they will be able to initiate a DLA in Trestle.
- Once initiated, the DLA will be signed by the Technology Provider, you, and any agents that are being added to the license. Invitations to sign the DLA will be sent via Authentisign.
- The CVR MLS signatory will review the DLA.
- All parties will be notified by email when the agreement is approved

Agents

Note: Please note that your broker must have an active IDX agreement with your Technology Provider of choice to receive a feed.

- If the Technology Provider of your choice is already registered in Trestle, please have them initiate a Data License Agreement (DLA) with your broker and yourself in Trestle: trestle.corelogic.com
- If the Technology Provider of your choice has not yet registered in Trestle, please have them email us at idx@cvrmls.com so that we can walk them through becoming an approved CVR MLS Technology Provider.
- Once the Technology Provider is approved, they will be able to initiate a DLA in Trestle.
- Once initiated, the DLA will be signed by the Technology Provider, your broker, and yourself. Invitations to sign the DLA will be sent via Authentisign.
- The CVR MLS signatory will review the DLA.
- All parties will be notified by email when the agreement is approved.

Technology Providers:

Note: If you are not yet registered in Trestle, please email us at idx@cvrmls.com about becoming an approved CVR MLS Technology Provider.

- Initiate a Data License Agreement Request for a data feed in Trestle: trestle.corelogic.com
- Invite the Broker and Agent (if applicable) when initiating the DLA request. Invitations to sign the DLA will be sent via Authentisign.
- The CVR MLS signatory will review the DLA.
- All parties will be notified by email when the agreement is approved.
