REQUIRED AUTHORIZATION

Applicant and supervising broker (if applicable) agree to and understand the following:

CVR MLS will not open international IP addresses to provide access and requires the use of a Virtual Personal Network (VPN) to utilize the CVR MLS System.

CVR MLS credentials shall be provided to the applicant named above and whose signature is reflected below. Such credentials may not be shared or provided to anyone under any circumstances. The sharing of CVR MLS credentials, or the allowance of access to the CVR MLS System by someone other than the credential owner shall be considered a breach of CVR MLS rules and regulations and be subject to a fine and immediate termination of CVR MLS System services.

CVR MLS utilizes security solutions through its MLS Dashboard. Use of a VPN and access outside of the United States may trigger a higher risk score and related remediation requests. CVR MLS will not waive any requirements to its current risk policies, or to those of any partner involved in facilitating CVR MLS services, to accommodate access granted under this application. CVR MLS will not be held responsible if access is blocked or inconsistent because of factors outside of its direct control.

Applicant understands that CVR MLS System support is available Monday - Friday from 8:30A – 5:00P Eastern Standard Time by email to MLS@cvrmls.com or (804) 422-5004.
