Why I Wish to Serve on the Board of Directors

By Danielle Kenny

I have been a licensed real estate professional since 2003, though my journey began earlier through property investment. Over the years, our industry has changed in many ways, but one constant has been our ability to adapt and move forward together. I believe that our strength as professionals comes not only from experience but also from the support and guidance of our local association. Serving on the RAR Board of Directors would be an honor, and I would approach it with genuine dedication and care for our members.

Education and giving back are values I hold close. I earned a master's degree, graduated from the first RAR Leadership Development Academy in 2012, and completed the Broker Premier Advanced Broker Certification. Along the way, I have also pursued several designations. Most recently, I earned the At Home with Diversity certification through GCAAR and was recognized as a GCAAR DEI Champion in 2024.

Equally important to me has been the opportunity to serve. Since 2014, I have been a member of the Grievance and Professional Standards Committees, where I've learned the importance of fairness and integrity in our profession. I've also had the privilege of leading as President of the Richmond Chapters of both the Women's Council of Realtors and the National Association of Residential Property Managers.

Each of these experiences has allowed me to grow, connect with others, and give back to the industry I love. I would be honored to continue that service on the RAR Board of Directors.
