

Why I Wish to Serve

John VanderSyde

I hope to continue my service on the RAR Board of Directors to offer experience and perspective that will contribute to the continued success of our members through strong leadership. Our board exists to provide for the needs of our members and is comprised of experienced individuals entrusted to make that happen. I believe we have an excellent Board Association, and that I will continue to assist with the meaningful work being performed on behalf of our membership. I will focus on serving the needs of our agents, brokers and staff to provide current, innovative, and meaningful policy and programs. I will work to support positive planning, sound fiscal responsibility, ethical behavior, and a bright future for those working in our industry.

I became a Realtor in 2002, and have been involved with construction, architecture and other allied building professions since 1986. I performed at a high level of real estate sales and service in Richmond, Virginia for fifteen years before becoming the managing broker at a local real estate firm. Over the years, I have had the privilege of serving on numerous boards and service organizations in leadership roles throughout our community. For me, service to others is the key component to success, and provides meaning to our lives. To serve on the RAR Board of Directors provides me with the opportunity to help the people and serve the organization that has supported our success in Real Estate.

Thank you for your consideration for my nomination to the Board.
