

CREATIVE COMMONS ZERO (CC0) LICENSE

CVR MLS and RAR aim to reduce the burden on users/members created by complex photo licensing. All photos and video footage hosted at RARealtors.com/MarketingContent are licensed under the Creative Commons Zero (CC0) license. This means that the collateral is completely free to be used for any legal purpose.

- The photography and videography is free for personal and commercial use
- Modification and distribution are allowed
- Attribution is not required. You do not need to contact CVR MLS/RAR for permission or site the source

The only restriction is that identifiable people may not appear in a bad light or in a way that they may find offensive. You should also make sure the depicted content (people, logos, private property, etc.) is suitable for your application and doesn't infringe any rights.

The CC0 license was released by the non-profit organization Creative Commons (CC). Get more information about Creative Commons images and the license on the official license page: <https://creativecommons.org/publicdomain/zero/1.0/>.
